26 U.S.C. 6047(D), 6041(A), and 6109(A)(3) authorize DRS to solicit your Social Security Number.

- DRS uses your Social Security Number to ensure that any amounts disbursed under your account are properly reported to the Internal Revenue Service and as a reference number for tracking all data with regard to your retirement account.
- Routinely, DRS uses the Social Security Number as the identifying number for the member file.
- If you do not provide your Social Security Number, DRS cannot guarantee that the information you are providing on this form will be properly matched with your member records. This is a particular risk if your name is a fairly common one. Failure to provide your Social Security Number may also result in misreporting to the Internal Revenue Service any disbursements you receive, which may result in adverse tax consequences for you.
- Because this form affects how DRS reports your disbursements to the IRS, the disclosure of your Social Security Number to DRS is mandatory.
- DRS will not disclose your Social Security Number to any party unless required by law.
